

PAX IX, Physics and Astrophysics at the eXtreme 2024

Tuesday 23 July 2024 - Thursday 25 July 2024

Bush House

Programme

Sessions

Data analysis challenges in the signal-dominated era
Tests of general relativity
Equity diversity and inclusion
Waveform challenges and numerical relativity
Astrophysical populations
Compact objects in the high-redshift universe
Dark Matter and Astroparticle Physics Nuclear
Physics Multimessenger astrophysics
Cosmology Roadmap to next-generation detectors
